NOTICE OF VIOLATION – NO RECEIPT OF CERTIFICATION FOR ENGINEERED WASTE MANAGEMENT PLAN

Dear Mr. Hattinga:

As a current dairy operator within the Santa Ana Regional Water Quality Control Board's (Regional Board) area of authority, I am confident that you are aware that the Regional Board is responsible for regulating the discharge of wastes to land or waters of the State from your dairy operation. Therefore, you should also be aware that conducting concentrated animal feeding operations must comply with the Regional Board's General Waste Discharge Requirements for Concentrated Animal Feeding Operations (dairies and related facilities), Order No. R8-2007-0001, NPDES No. CAG018001 (General Permit). Order No. R8-2007-0001 requires you to develop and fully implement an Engineered Waste Management Plan (EWMP) acceptable to the Executive Officer. Upon completion of construction of all structures identified in the EWMP, you are required to submit a certification from the engineer or other qualified individual who prepared the EWMP that all facilities have been constructed as specified in the accepted EWMP.

As of this date, we have no record of receiving an EWMP implementation certification letter from your engineer or qualified individual. Therefore, you are in violation of Order No. R8-2007-0001, and in accordance with California Water Code Section 13385(c), you are subject to administrative civil liability penalties of \$10,000 per day for each day the violation.

Therefore, we request that you submit the above required EWMP certification letter no later than January 21, 2011. If you cannot comply with this permit requirement by this deadline, please provide to us in writing your reason(s) for not being able to do so by the prescribed deadline.
